The **Personal** tab on **Individual Records** received a minor redesign. It is functionally equivalent to the CDM+ 9.2/DonorWorks 9.0 version. Please note that some customizations, such as COG Regional or Catholic, may not see a resigned window.

Migrating Exclude from Printing to Groups (COG Regional) and Min Info tab rename

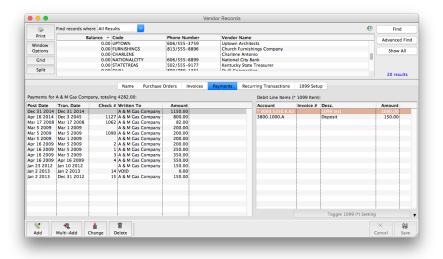

In the COG Regional version's Individual Records, the **Min Info** tab is now called **COG Regional Minister Information**. The **Exclude from Printing** code, highlighted below in a screenshot from CDM+ 9.2, is now a group and existing assignments have been migrated to individual groups.

Vendor Records Visual Adjustments

The **Invoices** and **Payments** tabs on **Vendor Records** will now expand their content to use available space. Column width adjustments on the **Payments** tab will also be recalled.
